### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Bradley Lytle on 6/7/04.

The application has been amended as follows:

The phrase "by visually checked," in claim 2 is deleted.

### ***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance: Claim 1, and dependent claims 2-4 are allowed. Prior art fails to disclose combining a fiber having the characteristics listed in the claim with a reel having a barrel diameter between 100 and 200 mm, where the fiber has a transmission loss of 0.25 dB/km at a wavelength of 1550 after being wound, and an increase of a transmission loss of the fiber is 0.03 dB/km or less after the fiber is wound on the reel at a length of approximately 25 km.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
